“ I worked with Chris at EPA in her capacity as an administrative assistant and in positions of more responsibility. At one point, I had to report losing a small computer while on travel. Chris handled the administrative details and there were no repercussions, thanks to Chris. God's peace to Chris' family.

Chris was a good person to be around. My All time memory is when Chris would have me to French braid in her hair in the morning in her workstation it would be one or two braids.
