“ I remember her coming to my grandparents house for visits with her mom and dad. She always had a smile that would light up any room . It was a privilege to be related to such an amazing person. Heaven has gained a true angel.

“ I remember not just Happy but her whole family. Her dad/husband worked with my dad along with Mr.Carnes at the Washington County Fair. In the Rabbit Dept.We all had great times. I believe if not for Happy I would not be doing the job I like and love with special needs children. I should know I am one. But mine is not one u can see. The people like Happy and my students who have also helped me grow .They are so amazing. There are so many people who don't take the to get you know them or under them. Some don't even the patience. God is getting a super Angel. "Happy" you will be missed!!!! Love to all Rankin family Even you Billy LOL

“ Lots of great memories! "Happy " ranks up there in the top three of my all time favorite patients! It was an extreme privilege to have her in our office. The entire staff always looked forward with joy and anticipation when Happy appeared on our schedule! She was LOVE! Paradise is truly a better place with her presence. I look

forward to seeing her when the THE LORD calls us into perfect renewal. We were all blessed by her presence here! Thank you for allowing me to treat her and consider her "family"!

In His Love,

“ Many years ago our little church was blessed with special young people and Happy was one of them. I understood why she received the nickname "Happy" because of the sweet smile she had on her face. She very rarely was seen with a frown. You will not be forgotten.
